Austin American Technology Booth #519

Hit a CLEAN Home Run!

AAT's Schedule for SMTAI 2011

We will be introducing our new VOC super-compliant cleaning systems.

Steve Stach presents a new paper on: Reducing The Environmental Impact Of Cleaning Electronic Assemblies.

Also catch Steve by our booth for Dr's Hours on Tuesday October 18th from 9:00am to 5:00pm and on Wednesday from 12:00pm to 1:45pm.

Join AAT at the Party at Billy Bob's!

Come by Booth #519 for complimentary tickets, come early because tickets are limited!

Austin American Technology engineers and manufacturers high performance cleaning systems. From general purpose to high reliability requirements, AAT systems are design-driven by the science of cleaning. Our systems include batch and inline; aqueous and solvent; spray in air and spray under immersion with ultrasonics. Applications include solar panel cleaning, medical, military, aerospace, cleaning printed circuit board cleaning (aqueous and semi-aqueous), SMT, flip chip, BGA, rework, etc.
